

Silver River House

銀河 *yín hé* or Silver River is the formal name of the Milky Way galaxy in Chinese culture.

家 *jiā* or House is the character for family. In the context of a Regency representing higher-order inter-dimensional consciousness embodied as “awakened” human beings on earth, 家 means “specialists at natural law”

In the *Book of Changes*, such specialists are also referred to as 人利女 “people who serve the Maiden” – awakened human beings who are 貞 “incorruptible.”

女 “the Maiden” refers specifically to the “Infinite Potential” of the quantum unseen – that which operates as sovereign natural law, often beyond the purview of scientific measurements or understanding.
